A replacement responsible person can be appointed by the Minister of Health on the nomination of the sponsor of the quality assurance activity.

**1 QAA Title**

Health Practitioners (Quality Assurance Activity: \_\_\_\_\_ ) Notice  
200\_\_

**2 Responsible Person Leaving**

Name: \_\_\_\_\_

Leaving date: \_\_\_\_\_

**3 What is the name and position of the responsible person for this QAA? Does the responsible person have any association with the health practitioners whose performance is being assessed; if so, what?**

*To be appointed as a responsible person, the person must be a natural person and, in the Minister's opinion, sufficiently independent of the health practitioners whose services are to be assessed or evaluated through the QAA. In essence, the person needs to be able to take responsibility for the integrity and maintenance of the QAA's methodology and to provide independent or objective commentary or overview to meet the reporting requirements. They need not be external to your organisation, but should have a sufficient knowledge of the subject-matter of the QAA, and QAAs generally, to enable them to adequately carry out the purpose and functions of the role. While clinical knowledge may be useful, for some QAAs, particularly multi-disciplinary QAAs, a senior quality manager may be more appropriate for this role.*

*There is a formal requirement that the responsible person must not have been convicted in any Court in New Zealand or elsewhere of any offence punishable by imprisonment for a term of 3 months or more or been adjudged bankrupt under the Insolvency Act 1967 or any other relevant insolvency legislation.*

*The responsible person must give in writing the undertakings and declaration set out below this application form.*
