Pacific Island Community Health Worker Programme

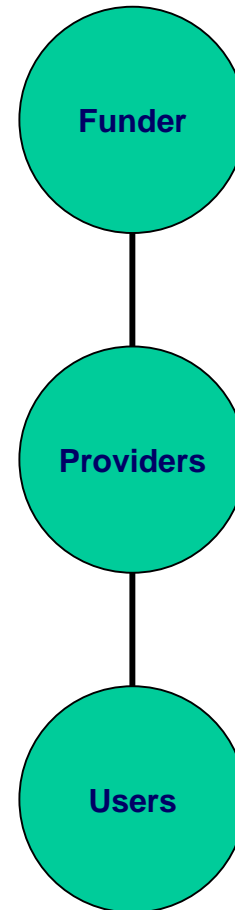

This is a case study of:

Complexity
Combining cultures
Co-ordination
Collaboration

Our world

Rationing – why not?

Where's the fun in that?

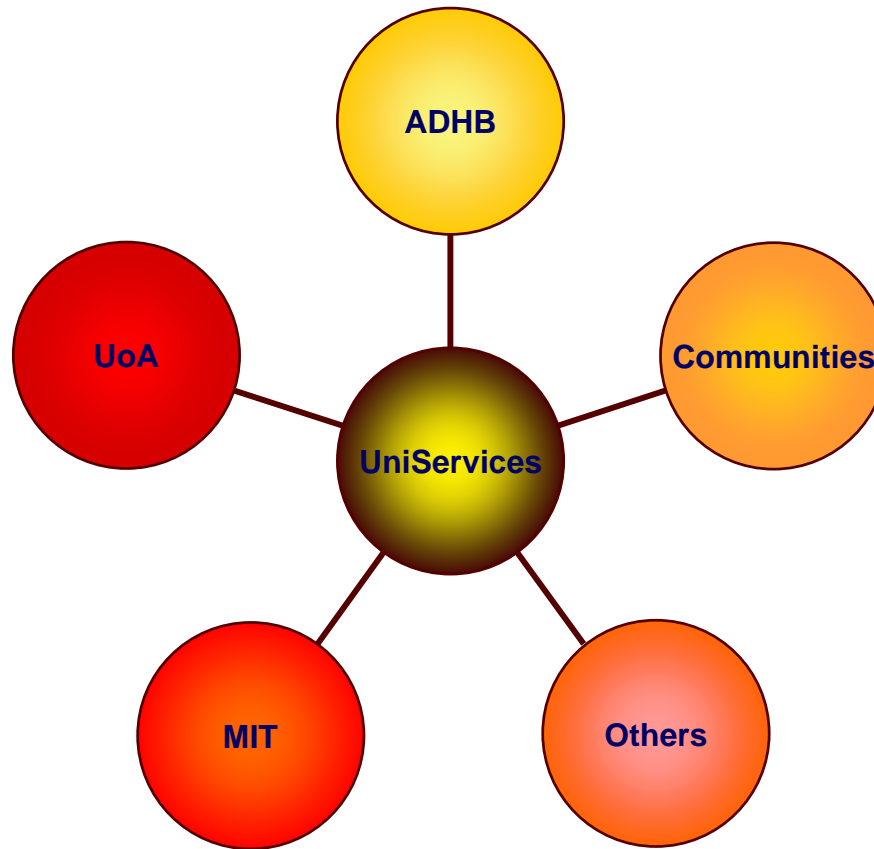

Planning and Funding

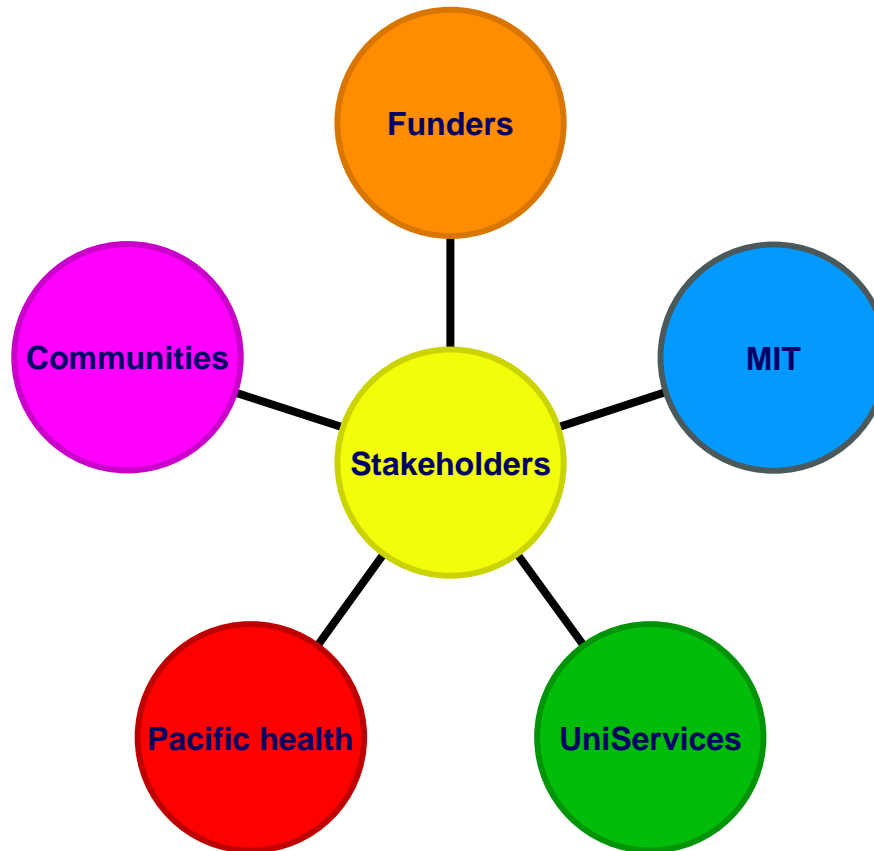

Services Delivery

Cultural Capacity and Competence

Strategic Alliances

Quality

It doesn't end here.....

MIT – delivering in 2006 ff

MIT – planning to grow

Funders – exploring other modes, venues 2007 ff

Funders – providing ongoing support

UniServices – connecting Pacific Health UoA and MIT

UniServices – supporting the Funder support MIT

Communities – providing perspectives

Communities – participating in the experience

All of us learning from each other

Pacific Health Community Worker Programme

- With skills and knowledge to perform a unique role in health education, health promotion and community development
- An integral part of the health professional team
- Working with, and supporting Pacific communities, families and individuals
